WHAT YOU NEED TO KNOW ABOUT OVERDRAFT AND OVERDRAFT FEES

An overdraft occurs when the available balance in your account is not sufficient to cover a transaction, but we (7 17 Credit Union) pay it anyway. Available balance is the actual balance in the account, less the amount of funds that are on hold. Some examples of holds are debit card transactions that have not yet cleared your account, check holds or loan pledges.

We can cover your overdrafts in two different ways:

1. We offer overdraft protection options that allow you to set up automatic transfers from your savings, money market, Line of Credit or Visa which may be less expensive than our standard Courtesy Pay service. To learn more, ask us about these options.
2. We have a standard Courtesy Pay service that comes with your checking account.

This notice explains our standard Courtesy Pay service that includes optional Courtesy Pay Plus.

What is the standard Courtesy Pay service that comes with my account?

We authorize and pay overdrafts for the following types of transactions:

- Checks and other transactions made using your checking account number (example: ACH payments)
- Automatic bill payments and recurring pre-authorized debits

We do not authorize and pay overdrafts for the following types of transactions unless you opt-in to Courtesy Pay Plus (see below):

- ATM transactions
- Everyday debit card transactions, including P2P transactions when they are linked to your debit card.

Courtesy Pay and Courtesy Pay Plus are a discretionary service, which means we do not guarantee we will always authorize and pay any type of transaction. If we do not authorize and pay an overdraft, your transaction will be declined.

What fees will I be charged if 7 17 Seventeen pays my overdraft?

Under our Courtesy Pay services:

- We will charge you a fee of \$30.00 each time we pay an overdraft
- There is no limit on the total fees we can charge you for overdrawing your account.
